Table 1. Table showing total patient recruitment for sites open to PROTECTOR recruitment

Important reminders for sites

- We are now requesting for **anonymized clinical histopathology reports** to accompany all slides/blocks and sample transfer forms.
- Please remember to **complete screening and enrolment logs**. These will be requested monthly by the coordinating site.
- Please provide the **correct baseline questionnaires** to patients. Check footer of questionnaire before handing to patient:
 - 'C_BASE' → For control participants
 - 'ES_BASE' → For patients having early salpingectomy
 - 'DO_BASE' → For patients having delayed oophorectomy
 - 'SO_BASE' → For patients having risk-reducing salpingo-oophorectomy
